Wireless Internet Camera VGA Outdoor

Surveillance • WIFI • Webbased software • Video/photo • Outdoor • Motiondetector

The perfect solution for surveillance of your home, office, warehouse or any other place your wish to monitor anytime – and from anywhere!

SafeHome Wireless Internet camera can be accessed by the builtin software for PC/MAC or by smartphone apps for Android and iDevice.

The camera is equipped with a 40° lens for 300K photos and video recording up to 640x480 pxl. resolution and the builtin 30 infrared LED continues the surveillance even during dark period in an 50m range.

When motion is detected (up to 20 m), the camera can be set to send e-mail alerts to multiple users or even upload snapped pictures to an ftp location, if the user has access to such.

Several users can be added as users with differentiated levels of access to setting s and functions.

Den perfekte løsning til overvågning af hjemmet, kontoret, lageret eller andet sted hvor du vil kunne se området når som helst og hvorfra som helst. SafeHome Trådløse IP kamera tilgås via den medfølgende PC software eller via iPhone app eller via enhver anden standard browser på smartphones.

Kameraet er udstyret med en 40° glaslinse til 300K foto og video i op til 640x480.

Med de 30 indbyggede infrarøde LED dioder kan kameraet fortsætte overvågning selv i mørke på helt op til 50m afstand.

Registreres bevægelse (op til 20m) kan kameraet indstilles til at sende en e-mail alarm til brugeren eller uploade billeder til en ftp konto, hvis brugeren har en sådan tilgængelig. Ønsker du at give andre adgang til nogle af funktionerne kan disse nemt differentieres med bruger login/password.
