Wireless Internet Camera HD Indoor M-Series

HD Surveillance • WIFI • ONVIF • Video/photo • Motiondetector • Remote Access

SafeHome HD M-series can be accessed by the builtin software for PC/MAC or by SafeHome App for Android and iPhone. Users are able to pan, tilt and zoom x5 thereby monitoring very large surroundings.

The camera is equipped with a 75° lens for 1MP photos and video recording up to 720p resolution. The camera provides surveillance up to 20 m. during daylight with motion detection up to 10 m. and the builtin 11 infrared LED continues the surveillance even during dark period in an 8 m. range. SafeHome cameras are preset for remote access and Smartphones are easily configured by scanning a QR code.

When motion is detected, the camera can be set to send e-mail alerts to multiple users or even upload snapped pictures or video to an FTP, if the user has access to such. Furthermore, the SafeHome M-Series can be connected to the SafeHome M-Series NVR for wireless HDD storage. Several users can be added as users with differentiated levels of access to settings and functions.

The Indoor HD cameras can record audio and the builtin microphone is perfect for online chat and videorecordings.

HOTLINE SUPPORT • YOUTUBE • FACEBOOK

SafeHome Trådløse Megapixel IP kamera tilgås via den indbyggede PC/MAC software, via iPhone/Android App eller via en anden standard browser på Smartphones. Herfra kan brugeren dreje/vippe/zoome 5x så hele rummet kan undersøges.

Kameraets er udstyret med en 75° linse til 1MP billeder samt videooptagelser i op til 720p HD opløsning. Kameraet overvåger op til 20m i dagslys og de 11 IR LED dioder oplyser op til 10m ved natoptagelser. SafeHome HD kameraer er forudindstillet til adgang via internettet og opsætning til Smartphones klares nemt med QR kode. Registreres bevægelse sendes en e-mail alarm til brugeren eller billeder uploades til brugerens ftp konto. Kameraet kan endvidere stilles til video optagelse til SafeHome M-Serie NVR i forudbestemte perioder.

Ønsker du at give andre adgang til nogle af funktionerne kan disse nemt differentieres med bruger login/password.

Kameraet kan optage audio og den indbyggede mikrofon er perfekt til online chat og video optagelser.

Features / KSP

- Do-It-Yourself / P2P setup
- 720p resolution - H.264 compression
- Day & Night Surveillance
- Pan/Tilt/Zoom
- Builtin Microphone
- Preset remote access (DDNS)
- Surveillance: Up to 50 m. (Daylight)
- Motiondetect: Up to 10 m.
- Infrared light: Up to 10 m.
- Email/FTP/NVR alarm and Surveillance
- SafeHome App available
- Mac & Win compatible

Tech specs

- Picturesensor: 1/4" CMOS IR-CUT color
- Videocompression: H.264
- Audiocompression: G. 711 / G. 726
- Lens f: 3,6mm, 11 IRLED (night up to 10 m)
- Minimum light: 0,1Lux
- Lens Angle: 75°, Pan/Tilt: 290° (H), 120° (V)
- Resolution: 1MP, max.1280x720 (720p,30fps)
- Comm.: WIFI IEEE802.11 b/g/n or RJ45
- Security: WEP, WPA, WPA2 kryptering
- Operating/Storage temp: 0 - +55°C/-20 - +60°C
- Relative humidity: 20 - 85% (w/o. condens)
- Dimensions/Weight: 99,5x99x125mm,330g
- Power: (in/out): 100-240V (50/60Hz)/5V, 1.0A.
- Power consumption: <6W with IR

Packing specs

- Giftbox
- 4 language (UK, DK/SE/NO)
- Ethernetcable & 4 selfadhesive stickers
